THE VISITOR'S PASS

Welcome to all our visitors. Special passes are provided for visitors, allowing them to move around the building unchallenged: There is a pass for Deutsche Post Group employees (yellow) and another for other visitors and guests (white).

Yellow passes for Deutsche Post DHL employees

White passes for other visitors and guests

The visitor's pass must be worn in a prominent position. If you spot visitors without a pass, please make a point of approaching them. This will help us guarantee security in our new headquarters.

Visitor's passes are issued at reception in the lobby. When visitors leave, they should return their pass to reception.

When they return their pass, visitors using the underground car park are given a parking ticket allowing them to exit the car park.

All visitors may use underground car park II. The intercom at the entrance is used to raise the barrier. Visitors need a parking ticket in order to exit the car park. The parking ticket is issued when the visitor's pass is handed back to reception in the lobby. The passes are illustrated here, but customised visitor's passes will also be issued.

Visitors are also welcome to use the canteen. They can use the pass charging machines to purchase special "guest cards" with €10 notes. This places a €5 credit on the card, with a €5 deposit. The deposit and the remaining credit will be returned. For the time being, we recommend our day visitors to pay by cash in the designated areas.
